

# Au Sable King

## Recipe

Hook:	Mustad #94840	Sizes: #10-16
Thread:	Black, 3/0	
Tail:	Dark Ginger Hackle Fibers	
Body:	Peacock Herl	
Wing:	Grizzly Hackle Tips, tied tent style	over the body.
Hackle:	Dark Ginger	

*Tying Tips:* Easy to tie. In the larger sizes use the #94833. In the smaller sizes use the #94840.

*Fishing Tips:* Represents a generalized caddis. I found this fly to be a great producer of fish.

*Historical Note:* This fly was created by Ann Schwiegert back in the 1950's. Ann Schwiegert's grandson, John "Bear" Little, claims the pattern as one of Ann's creations and Dan Rivard, who actually tied for Jack & Ann, concurs.

*Tier:* Tom Deschaine

*Contributor:* Dan Rivard
