

Mark Lord

Mark hails from Kingsley, Michigan where he has spend most of his adult life. He's been tying flies since the age of twelve and has tied commercially since the 1980s. Much of his talent he attributes to Kelly Galloup another great Michigan tyer. Over the years he has created several great Michigan patterns along with many variations of flies from other tyers. He is considered a historian of Michigan flies and to that end has contributed to several

magazines articles and books. He epically enjoys tying classic streamer patterns.
