

## Paul Beel

Paul is a web developer and computer analyst who hails from Terre Haute, Indiana where he lives with his wife Barbara and his two children. He was first introduced to fishing by his grandfather at the age of 10. He likes to tie and fish dry flies and streamers for bass, trout and bluegill. He's only been tying flies for a few years and has developed a fascination with old Michigan dry flies. He looks forward to his annual visits to the Grayling area, and the Au Sable River. His devotion and dedication to the sport of fly fishing lead him to develop a 'hot new website' which concentrates on fly tying and fly tiers.
